Summary

Front-End Web and Software Developer. I am a highly skilled and passionate front-end developer with expertise in HTML5, CSS3 and JavaScript. I am also versatile with some JavaScript libraries & frameworks such as JQuery, React & Redux, Next.js, Angular & Vue.js. Software languages such Rust, C++ and Java. With strong attention to details and deep understanding of years' experience, I strive to visually appealing and initiative. I'm skilled in backend tools such as Nodejs, MangoDb & Mongoose, use Express to build project. Eager to tackle web development/design challenges to achieve lasting impacts on user experience, constantly seeking new challenges and opportunities where I can learn from inspiring developers.

Education

University of Ilorin

INDUSTRIAL CHEMISTRY • Ilorin, Kwara   *Oct 2019 – August 2024*
